Dalian Neusoft University of Information

2020 Fall Semester HSK4 Chinese Language Foundation Course Guide

Welcome to Dalian Neusoft University of Information

- Dalian Neusoft University of Information (DNUI) is located in Dalian, a beautiful coastal city in Northeastern China. Situated at the core area of Dalian Software Park, the campus has a ground of 833,000m² with 417,000m² of building area. There are over 15,000 students enrolled at DNUI campus and 900 staffs registered.
- As one of the leading application-oriented university in China, DNUI offer 34 undergraduate programs in five professional clusters: Computer and Software, Information and Business Management, Intelligence and Electronic Engineering, Digital Art and Design, and Healthcare Technology, including Big Data, Internet of Things, E-Commerce, Logistic Engineering, Medical Imaging and Digital Media Technology and etc. popular emerging programs.
- Neusoft group, the founder of DNUI, is the largest listed company of Software Technology, Healthcare and Smart City products and services in China. Relying on the industrial resources of Neusoft Group, DNUI has established University-Enterprise cooperation with many world-known IT enterprises, such as IBM, Lenovo, HP, Alpine, Accenture, Baidu and etc., which creates opportunities for students to practice and for their future employment.
- Now DNUI has more than 40,000 graduates and the Annual Employment Rate is over 95%.

- Ranked 4th in Wu Shulian Top 100 Private Universities in China (2019)
- Ranked 1st in the 'Teachers Teaching Development Index' among all private institutions in China (2019)

- Three undergraduate programs (Computer Science and Technology, Software Engineering and Digital Media Technology) approved as the first-class national undergraduate construction program (2019)
- Appraised by Xinhua Net, Sohu, Sina and Tencent as the Best Private University in China and etc.

Study at School of International Education

The School of International Education (SIE) at Dalian Neusoft University of Information is responsible for planning and implementing university's international engagement, recruiting overseas students, and providing support services. We have established cooperation with over 100 overseas partner universities including San Jose State University, University of Queensland, Loughborough University, Nagoya Institute of Technology, Konkuk University and Russian State University of Transportation, providing various types of international programs including degree education, cross-cultural programs and exchange students' programs.

For international students who are interested in coming to China for long or short term study or culture experience, SIE offers HSK4 Chinese Language Foundation Course, Chinese Language Training Course (Elementary, Intermediate and Advanced), Chinese Culture Experience programs (taught in English), customized training programs for education institutions or enterprises and etc. Up to now, SIE has had more than 2200 international students from Russia, Japan, South Korea, Thailand, Australia and etc. In 2012, DNUI became the first HSK online test center in Dalian authorized by Hanban (National Chinese Language Office).

HSK4 Chinese Language Foundation Course

This course is designed for international students who are willing to receive degree education in China but with zero or very limited Chinese Language ability, and also for HSK learners who wish to have a well preparation for the HSK4 test. This course enables students to achieve HSK4 level through our systematic teaching and training in only **SIX** months.

- ✓ One of the most beautiful university campus in China; located at the city center, comfortable and convenient environment for life and study.
- ✓ CTC SOL certified teachers, 18 years Chinese teaching experience to foreign students
- ✓ Small-sized class, full attention from teachers
- ✓ Very competitive price: only 6400 RMB for course tuition during promotion period (Less than 10 RMB for each study hour). We guarantee that if a student doesn't pass the HSK4 test after completion of the whole course, he/she can join a second round of course without any tuition charge.
- ✓ Students who are going to apply the DNUI undergraduate programs could finish part of the freshman year's general course credits during the foundation course. So the minimum length of finishing the undergraduate program will be shortened to 3.5 years.
- ✓ As a DNUI registered undergraduate, you will enjoy not only the cutting-edge professional knowledge, but also abundant industry resource and entrepreneurship support from leading enterprises including Neusoft, Baidu, Alibaba, etc.
